Did You Know:

(<http://nationalautismassociation.org/resources/autism-fact-sheet/>)

- Autism now affects 1 in 68 children
- Boys are four times more likely to have autism than girls
- About 40% of children with autism do not speak. About 25%–30% of children with autism have some words at 12 to 18 months of age and then lose them. Others might speak, but not until later in childhood
- Autism greatly varies from person to person (no two people with autism are alike)
- The rate of autism has steadily grown over the last twenty years
- Autism is the fastest growing developmental disorder.
- Children with autism do progress – early intervention is key
- Autism is treatable, not a hopeless condition
